

**Paper angels ... Mini**

You will find various sizes of these in the templates, **mini**, medium and large.

This one looks great with lots hanging together in a branch, the medium works well for table decoration etc. And the large looks great in the tree. Or hang all 3 sizes together. Cut them in white or black card, wallpaper, handmade paper – anything works for these sweet little paper angels which will be loved by all. Enjoy!

*Print this document at different sizes to produce bigger or smaller shapes!*
